Dear Pa,

Hi Pa! Hope you are feeling well and having a good day today. While we were in Greensboro last month we didn't have much of a chance to talk and so I thought I'd send you this note in order to share with you a couple of thoughts I've had. Ever

since I met Mary, I have seen how important family is to her, and the special place she has for you and Ma in her heart. This is one of the things that so attracts me to her and has also endeared her so to my family.

I have seen the love that is so pervasive in your family over the past several years and I feel very priveleged and proud to be a part of it. You have always made me feel very much a part of the family and I thank you for that.

Thank you for all you have done for Mary as that has been integral to who she is today - which is the woman I love. And thank you so much for all you have done for Ana, Zach and myself. All the time you have spent with them and the things you have done with them is very special and something I will not let them forget. You have made a very lasting impression on all of us and I cannot tell you how much it means to me that we were able to experience that. From the contribution to the air conditioning system in our house so your babies wouldn't get too hot to our brand new, gourmet toaster oven, you have always been so very generous to us and I appreciate all of that.

I know if I am half as successful in raising my family as you were in raising yours, that we will be just fine. And with your family as an example, how can I miss! Thank you again for everything.

All my

Love,
